

WESTWEEK IN-STORE EVENT

# ULTIMATE SHOCHU SET COMPETITION

Art pottery from workshops all over Japan are in competition for The Benzaiten Prize, named after the Japanese goddess of art. This year's competition is to design the "ultimate shochu set." Shochu is a popular Japanese drink similar to vodka. A Shochu set is the stylish way to serve your guests shochu. A typical set consists of four items: a shochu flask, small ice bucket, mixing glass, and shot glass. The competition has narrowed to six impressively beautiful finalists, and the winning design and runners-up will be selected by our panel of celebrity/artist judges. The final judging and results to be in-store at the Ku Ambiance Concept Store.
